Dear Parents of the Senior Class of 1966,

This Medita is a book of fond memories, faces, and events of the 1965-66 school year at Huntington Township. Between its covers it holds pictures of classes and activities which we as Seniors have partaken in our own time. We wish this book to symbolize the work that you have done, the contribution and guidance you have given, and the dedication you have shown in getting the 1953-54 first graders to become the 1965-1966 Seniors. Through our grade and high school career, you have never looked at our problems and not considered them your problems. You have looked at our toil as your toil; our success was your success; our failure was your failure.

Now that it is our class's time to receive our diplomas and occupy our thrones, we ask that you, our parents, accept this Medita with fond thoughts of the past twelve years.

In this light, we dedicate this book to you, the parents of the Class of 1966.

With love and respect,  
The Senior Class of 1966

### In Memoriam

Lois Favorite Landis walked the halls of the Huntington Township School because she started her first year here and was graduated by the school. She returned here as a teacher after spending several school terms at the Monument City School. Her years of service ended in the school year 1964-1965. Her courage never failed her. With a devotion that knew no bounds she spent of her energy and her talent to aid many people in her school and in her community. The lives which she touched, the guidance which she gave, her devotion to the profession will be long remembered.

"Joy's recollection is no longer joy;  
But sorrow's memory is sorrow still!" --Byron
